

## DOOM DRAGON AND MARVELLOUS MARTIN

*One day there was a dragon called Doom dragon. He lived in a deep, dark and cold forest. The dragon was scaly, scary and small. He liked eating people. His only weakness was fire.*

*There was a man not so far from the dragon. He was called Marvellous Martin. He was intelligent, clever and tall. He lived in the east.*

*Martin knew about the dragon. He wanted to find out more information about him. Martin set off to the dragon's wet, damp and cold cave.*

*When he got there he hid in a berry bush because he didn't want to get caught. Martin realised that the dragon liked berries so he shook the bush and the dragon started to eat the yummy berries until he was fat. Martin had a pen knife in his pocket and he had an idea.*

*When the time had come Martin leapt out. He stabbed the dragon's scaly skin and lots of red blood came pouring out of the dragon.*

*Martin just noticed that there was a gold shiny gate in front of him. Martin wanted to go in so that he could look at the gold bags. Martin went over to the gate and it opened automatically then he went through it.*

*An old man lived in the house. He owned the golden gate and he gave Martin one of his bags of gold because he killed the dragon and Martin lived happily ever after.*

**THE END**
