

# Blockbusters!!

36    48    89    67    92    106

54    78    63    24

Use the numbers outside the grid and + or - to make the numbers inside the grid. If you get one, put a counter on that hexagon. Your aim should be either to make a line across the grid, or one that goes from top to bottom.

Good Luck!
